March 25<sup>th</sup>, 2022

Sankha Cooray  
Research Engineer  
Auckland Bioengineering Institute  
University of Auckland

Dear Sankha

**Letter of Support**

I am writing to approve your request to conduct a research attachment at National University of Singapore for a period of 6 months from June 2022.

I understand you will be working with Associate Professor Suranga Nanayakkara at the Department of Information Systems and Analytics, School of computing.

I hope this attachment will strengthen our relationship and collaborations with Professor Nanayakkara.

Yours sincerely

Professor Peter Hunter, *FRS*  
Director of the Auckland Bioengineering Institute The University of Auckland
